CHEF TIM'S CHEESE BOARD

Specialty cheese selections for all platforms.

For the cheese board and beyond

From fine dining, to bar snacks to room service offerings we have a cheese for all platforms.

I personally, am a huge fan of sampling food when dining out. Cheese plates are in my opinion the cornerstone of perfect items to sample. Conversation built around a plate of chef picked cheeses, garnished with pickled vegetables, grain mustard, fruit chutney & crusty bread/crostini is the perfect way to kick off a great meal.

A good cheese board offering is a great way to increase your check average by \$15-\$20+, depending on the size of your board and the quality of cheeses being offered.

These are but a few of the many reasons we have selected the following items on a good base of specialty cheese offerings, suitable for your cheese board and in cooking applications alike. Help create cheese dining memories by creating your own selections from our list of international cheeses and local artisans.

PROUD TO BE PART OF OUR NATION'S FOOD SUPPLY.

To our supplier and customer community,

Dennis Paper & Food Service employee owners are proud to be part of our nation's food supply while supplying critical needs to so many during this crisis. Our team here at Dennis is working side by side with confidence and determination. We understand our role of bringing the needed food supplies and solutions to healthcare, retail markets, restaurant takeout, K-12 school food service, government agencies, and many others.

Dennis Paper & Food Service is actively monitoring the COVID-19 situation as it evolves globally, nationally and within our geographic area. As the situation changes, and more information becomes available, we continue to adjust and modify our plans for the safety and well-being of our employees and customers. We are actively implementing precautionary measures based on best practices and recommendations from the Centers for Disease Control and Prevention as well as additional government agencies.

We've made these changes with the safety of our customers and employees in mind. Our employee owners remain dedicated to delivering the best possible foodservice products and solutions throughout this difficult time.

I have never been prouder to work in this industry or to be part of Dennis Paper & Food Service.

Rick Robertson,

President and CEO, Dennis Paper & Food Service

2019 Safety Person of the Year

Congratulations to Mark McGraw, our 2019 Safety Person of the Year

By Ginger Shubert, Director of Risk Management

Part of my role at Dennis Paper & Food Service focuses on the impact and importance of workplace safety. As part of that it is my privilege to be able to recognize employees who work hard and work safely; employees who lead by example.

We've put a big emphasis on our culture of safety over the past 8 years, it has become a key initiative in our business. During that time there have been many nominees and outstanding candidates who make safety a part of their work day, everyday. We are proud and pleased to honor this year's recipient, Mark McGraw.

Mark was nominated and awarded Safety Person of the Month in November of 2019, here is an excerpt from the nomination:

Mark consistently takes some of the biggest runs, both with the number of bundles and the number of stops. Mark navigates and delivers in some very congested coastal areas with considerable vehicle and foot traffic, especially in the summertime. Mark delivers and drives safely at all times and is also safe when he is unloading here at the warehouse. Thank you, Mark, for your commitment to creating a safe workplace for everyone – not just yourself and the Dennis team, but for customers and the public as well. Your efforts toward safety might not be visible to everyone, but they matter more than most people will ever know – and that's how we know you're getting it done right!

The 2020 Dennis Difference Award

Congratulations to Mario Tribuzio, our 2020 Dennis Difference Award recipient!

The Dennis Difference Award was established in 2015. Nominated by their peers, the Dennis Difference Award is presented to one deserving employee each year. Among several considerations, the award is voted on and honors the employee's distinguished commitment to upholding our company values. For many there is no higher form of recognition than being recognized by one's peers. This Award does just that – it is for employees by employees.

From Mario's nomination:

When I think of someone this lives the Dennis Difference Mario is the first that comes to mind.

From a professional standpoint, I have witnessed him working with new accounts to help set them up for success. An example would be helping a new owner learn the meat business and how to make it more profitable, as well as maintain the best quality cuts to help establish the business. He is always helpful at reception should there be a customer that has questions about a product or isn't quite sure exactly what it is that they might be looking for. He also is a great resource for new Dennis Account Executives should they have questions or need support.

He is a valued member of the safety committee and often contributes great suggestions. He is also active in his local fire dept, the Lions club and his church. He sets a good example and is often willing to help where needed.

I believe that what we consider our company core values are the same as his personal standards.
